Fallon Health Weinberg will follow New York State Department of Health protocols established for an independent evaluation conducted by the State's Conflict Free Evaluation and Enrollment Center (CFEEC). The CFEEC evaluation will determine if you need Nursing Home Level of Care and meet other State-required eligibility criteria. If you meet the criteria, you will be referred to the State's Enrollment Broker for education on Managed Long Term Care options, which include PACE. Once this referral is received, Fallon Health Weinberg will complete the intake and enrollment process with you.

In some cases, there may be a monthly premium required based on your income or assets.

All services must be provided by or authorized by the PACE Interdisciplinary Team (except emergency services). PACE participants may be held liable for costs for unauthorized or out-of-PACE program agreement services.

Fallon Health Weinberg-PACE, a Program of All-Inclusive Care for the Elderly, provides all the care and services you need to remain in your home and stay as independent as possible. PACE combines medical care, insurance and community-based support in a single coordinated program. And we personalize it just for you!

What's different about this program?

Complete, coordinated care

The Fallon Health Weinberg-PACE care team specializes in geriatric care—the care of older adults. The team focuses on helping you reach your goals for independence and the best possible health to remain living in your home.

Prevention and wellness services contribute to your overall well-being. And as your needs change, so does your care plan.

Caregiver support

We work closely with your caregivers to provide the support they need to continue to care for you.

Individualized consultation on care plans, 24-hour telephone access and caregiver support groups are some of the ways we support your caregivers.

Everyone wants to be independent. Older adults are no different.

PACE is a solution for the care and well-being of older adults requiring nursing home level of care.

Combining health care, day center services, transportation and home care services, PACE provides an independent living option.

What does PACE provide?

- Medical care at the PACE Center
- Specialty services through a network of providers
- Prescription drug coverage and management
- 24/7 emergency access to a staff member
- Physical, occupational and speech therapy
- Adult day health services
- In-home skilled nursing and personal care
- Long-term care facility services
- Transportation to and from medical appointments and PACE Center
- Caregiver education and support

We arrange for or provide most services at our conveniently located PACE Center. The PACE Center is a warm, friendly and safe environment

and the hub of all your medical, social and personal care, so that you can remain living at home.

Who can join?

To be eligible for Fallon Health Weinberg-PACE, you must:

- Be at least 55 years old
- Live in Erie County, New York
- Be certified as needing nursing-facility level of care as determined by the New York State scoring tool
- Require Fallon Health Weinberg-PACE long-term care services for more than 120 days
- Be able to live safely in a community setting at the time of enrollment without jeopardizing your health, as defined by the New York State Health and Safety Criteria
- Be Medicaid and/or Medicare eligible or willing to pay privately
- Meet other eligibility requirements under the PACE Program Agreement

How much does it cost?

Program costs depend on your income and assets. Participants use Medicare, New York State Medicaid and/or private funds to cover all program and care services.

Many participants have no monthly out-of-pocket costs. Once enrolled, there are no copayments and no paperwork for approval services.

Please contact us for more information on how to pay for PACE.
